ABOUT US.

A Clothes Recycling Company with a Passion!

We are an ethical clothes recycling business, and we are more concerned about giving to charity and the environment and less about our profit. Our motivation is to help as many charities to raise funds as possible through clothes donation.

Established in 2017, we are already helping small local charities and regional, national, and international organisations raise much-needed funds through our unwanted clothes collection from home. To date we have raised over £1 million for our charity partners.

Why work with us?

Collection 4 Clothes help to do good things for great UK charities and our planet. Raising funds for charity and clothes recycling is at the heart of what we do. We take not a single penny from our charity partners so every pound they receive from our clothes donation is a bonus.

We can take your surplus and discontinued stock and convert it into valuable fund-raising royalty payments to any of our charity partners from the 3, you choose which charity you would like the donations to go to, we will pay your chosen charity a royalty payment on your behalf and issue you a receipt for your records.

CHARITIES THAT WE'VE PARTNERED WITH.

We work with some of the UK's most respected and renowned charities. Our collections enable charities, without a network of charity shops or the means to process second hand clothes, an alternative way of raising money. What's also important to our charities is the fact that we offer a convenient, hassle-free alternative for those who want to donate clothes and bric-a-brac items.
